WILL THERE BE

GOATS IN HEAVEN?

Heaven is real, and the prophet Isaiah describes a time when "the earth shall be full of the knowledge of the Lord" and "the leopard and kids will be at peace." (Isaiah 11: 6-9). Those of us who love our goats want that peaceful, heavenly existance for them, just as our Creator wants it for us.

God, our Creator, made us in His image, in His likeness, as the crown of His creation. He made us to be companions to Him, and He loves us more than we love our goats. God loves us so much that when sin contaminated our "spiritual genes" and became part of everyone, He offered a part of Himself, His own Son, Jesus, to die and pay our death penalty that sin (self-centeredness or rebellion against God) demands.

No one is forced to accept God's gifts of forgiveness and salvation from eternal death. We must each, individually, receive that gift by inviting Jesus, who rose from the dead and lives forever, to be our Lord and Redeemer. This means turning contol of our lives over to Him 100% to complete the new contract or covenant or testament. When we accept Jesus as our Savior, His Holy Spirit indwells us to guide us in His way each day.

Will there be goats in Heaven? Maybe! But more important, will you be there? To find the way to God's Heavenly home and to avoid Hell (which is also a real place), write to Capriculturalists for Christ. Someone from our fellowship in your area will contact you.
